

A) Physical-based mechanisms

Phase separation

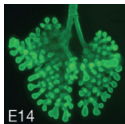

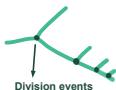

Mammalian cells with differential adhesion (Cachat et al. 2016)

Mechanical instability

Villi formation in chick gut cells (Shyer 2013)

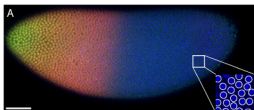

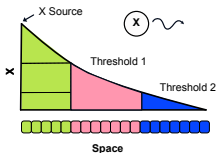

Branching

Mouse lung cells (Metzger 2008)

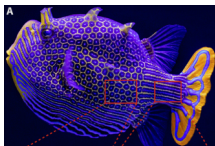

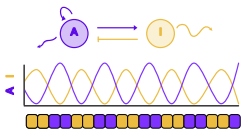

B) Diffusion-based mechanisms

Positional Information

Drosophila early embryonic cells (Gregor 2007)

Turing

Ornate boxfish (Alessio 2023)
